Summary

I am a dedicated web developer with experience in designing and building responsive websites and applications using HTML5, CSS, JavaScript, React. Also, I'm proficient in creating user-friendly, dynamic interfaces and optimizing web performance. Skilled in front-end and back-end technologies, including PHP, Node.js, and SQL, with a strong foundation in IT from an Associate's degree (3.5 GPA). Adept at problem solving and collaborating with teams to deliver high-quality solutions that enhance user engagement and meet business objectives.
